Ashley Pointer

Senior at Howard High School where she is a member of the National Honor Society, National Beta Club, and recipient of the National Scientists and Technologists award. In addition to her academics, she is a self-employed violinist. From Ashley, "In an era where injustices occur on a daily basis, it is important to know your rights and what's expected from you as a citizen not only nationally, but locally as well. As youth, we are the future leaders, politicians, musicians, artists, and workers therefore it is vital that we are educated in civic education because we must continue and improve the work done by those who paved the way for us."

Logan Bates

Senior at Mount de Sales Academy where has Academic Letters and was inducted into the World Language Honor Society for French. From a Civic Service standpoint, Logan was a United States Senate Page and interned for Michelle Nunn's senatorial campaign. He believes, "Civic education is so important for today's youth because in today's world, fewer and fewer youth are getting or even following the news. Through civic education young people can finally begin to learn how government functions and why it exists. Youth can become more involved in communities around the nation and

they can also get involved in politics. As one of the most diverse and imaginative generations America has seen, countless opportunities can arise from a good civic education."
