

SPLOST Advisory Committee

SPLOST ADVISORY COMMITTEE

March 25, 2024 | 5:30 PM
700 Poplar Street Macon, GA 31201

AGENDA

1. Call to Order
2. Approval of Minutes
3. Update on SPLOST Projects
 - A SPLOST Update
 - B Budget Performance Report
 - C SPLOST Timeline Amendment #44
4. Adjournment

SPLOST Update 3/25/24

2018 SPLOST

1.	Collections Life to Date (1/30/24) –	\$212,478,304
2.	Bond	\$ 35,000,000
3.	Bond Premium	\$ 5,826,045
4.	Interest Collected on Bonds	<u>\$ 8,425,490</u>
	Total Income to Date	\$261,729,839

Total Spent to date	\$194,230,512
Total Encumbered to Date	<u>\$ 21,731,525</u>
Total spent and encumbered	\$215,962,037

Cash on hand, uncommitted	\$45,767,802
---------------------------	--------------

December 2023 SPLOST Tax Collected	\$4,071,076
December 2022 SPLOST Tax Collected	\$3,977,805

January 2024 SPLOST Tax Collected	\$3,321,077
January 2023 SPLOST Tax Collected	\$3,078,573

Walker Road Landfill

1. Work has started on the closure, which is expected for 2024. The contract was awarded to Piedmont Mining for approximately \$9.3 million. Convenience Center #3 has been completed.

Courthouse Addition

1. Courthouse –Judge Hanson’s 3rd courtroom in the state court portion of the existing courthouse has been completed.
2. Because of the new courtrooms at the Mall and the completion of the 3rd state court room, Mayor Miller has requested Wakefield Beasley re-visit Master Plan for the existing courthouse. The hope is that because we have been able to relocate some offices to 688 Walnut Street and relieve the courtroom load, we can make some major improvements to the existing facilities without having to

build a whole new courthouse. **This report should be complete in 16 weeks.**

3. Parking Deck – Due to the prior work with regards to the courthouse and the relocation of some employees, a new parking deck is no longer needed. These funds will be reappropriated.
4. The County purchased 688 Walnut Street for \$2,150,000 for the purpose of relocating some offices from the Courthouse, and other purposes.
5. In an effort to provide additional courtroom space to alleviate the backup in the courts, two (2) new courtrooms were built in the old Sears space in the Macon Mall at a cost of \$3.9MM. FF&E has been delivered. The Clerk of Court and the judges have requested some additional furniture and technology.
6. The contract has been signed to repair, repave and re-stripe the parking lot at the Mall and next to the Grand Opera House. The total contract, through a state contract, is approximately \$460,000. **This has been completed.**

Public Safety

1. Fire Upgrades – A list of fire upgrades for this calendar year has been developed by Fire Administration to include extraction gear, breathing apparatus and turnout gear. The Fire Department has requested new generators at three (3) fire stations and these are being put out for bid.
2. Sheriffs Vehicles –Coordination continues between SPLOST Coordinator and the Sheriffs Department for future equipment needs for this calendar year. A list of vehicle needs has been provided.
3. Ladder Truck – A Purchase Order has been issued for a new ladder truck at an estimated cost of \$1.4 million. **This has been delivered.**
4. IT Upgrades – a number of major IT upgrade requests have been made including upgrading the servers for E911, 400 new handheld radios for fire/sheriff, as well as generators for multiple public safety facilities. **We are working on relocating a portion of Macon-Bibb IT to a building already owned by MBC on Knight Road. We are developing plans to completely gut and renovate this building.**

7. Towers – Work has been completed on communications towers around the County.
8. Sheriffs Buildings – Work is complete on the Sheriffs Restorative Justice facility. Work has been completed on Jail improvements (\$2.6 million).
9. Fire Station – Work has been complete on a new Fire Training Center. Warren Associates was awarded this contract for an amount not to exceed \$3,400,000. The County has provided an additional \$600,000 to cover the difference in the SPLOST budget and actual costs. Additional work has been requested by the Fire Chief so as to provide better overall training capabilities. This is being funded by the County through General Funds. **This is now complete.**
10. The County has leased the old Traffic Engineering building on MLK Blvd to the Georgia Bureau of Investigation. Public Safety SPLOST dollars are being used to pay for the repairs and deferred maintenance so GBI can move in. This was completed in September 2023 on schedule and on budget.

Stormwater

1. All funds available for stormwater repairs will be transferred to the MWA, annually as available, per an Inter-Governmental Agreement between Macon-Bibb and the MWA.
2. Rose Hill Cemetery received approximately \$250,000 from the Stormwater-Emergency fund to address severe erosion due to a failed stormwater system. The work was awarded to G.A. Faulker and is complete. Additional improvements to the drainage have been suggested, requisitions submitted and work has begun. Bill Causey is overseeing repairs to various monuments and the repairs to the entrance to Rose Hill that was damaged by a vehicle are complete. **These repairs are now complete and we continue with the repair of existing grave markers.**

Roads and Bridges

1. LMIG – The County has signed a contract for various road re-surfacing projects totaling \$2,264,000 with Reeves Construction. The County match is \$680,000. **This is 55% complete.**

2. Bass Road – Engineering continues. Estimated cost of \$35 million. County share estimated to be \$10 million. A funding commitment from GA DOT has been received by the Mayor and has passed the Commission. Preliminary engineering began in 2020 with ROW work/acquisition in 2024 and actual construction to begin in 2026.
3. Forest Hill Road-Engineering continues. Estimated cost of \$15 million. The County share estimated to be \$3 million has been appropriated by the Commission for ROW purchases. The State has provided an expected funding date of 2026 for this work.
4. Jeffersonville Road-This project has been completed. There has been \$1,000,000 appropriated by the Commission for sidewalk improvements beyond that work being done by GDOT. Engineering of the sidewalks is nearly complete and will go out to bid.
5. Pine Hill Sidewalks – The bids are back for this project and total costs are \$710,000. **The bids are back and a Purchase Order should be issued soon.**
6. Hollingsworth Road Sidewalks – This project has been engineered and is out for bid. Original budget was \$288,000. New estimated cost is \$521,890.
7. Meade Road – This is a complete re-working of a portion of Meade Road as part of a deal with MBCIA. Estimate cost is \$650,000. **A pre-bid was held this week. Bids are due back by April 11, 2024.**
8. Willie C Hill Annex - \$500,000 was appropriated by the Commission as the County's contribution to sidewalk and plaza improvements in conjunction with the new 45 Hotel. This work is complete.
9. Old Clinton Road - \$200,000 was appropriated by the Commission for new sidewalks. Engineering for this project will be awarded to a local firm.
10. New sidewalks and road improvements were made at/near Middle Georgia State University at a cost of \$2.7 million.
11. The reconstruction of Cotton Ave Plaza has been completed with SPLOST contributing \$500,000 towards this work.
12. MBC Engineering is working on plans for 2.5 miles for sidewalks in Barrington Hall.

Cultural and Public

1. Coliseum-All work on the infrastructure and mechanical systems as identified by Spectrum are complete. We have upgraded the fire safety system at the Coliseum at an estimated cost of \$480,000. A new ice rink system has also been installed at an estimated cost of \$1.3 million. All funds have been exhausted at this point.
2. Auditorium- Sheridan Construction was awarded the contract. Due to rapidly rising material costs and a “dream” concept for the facility, the estimated costs far exceeded the budget. Modifications based on Sheridan recommendations were made and a new estimate of costs was determined. A majority of the work (\$6.9 million) was done during the slow months, spring/summer 2022 and was completed on schedule and slightly under budget. The third phase of improvements has been completed on schedule and on budget. This was mostly cosmetic and in the main auditorium portion of the building. All HVAC and electrical work began January 2024 as the “lead time” on these major systems is 65 weeks. Assuming funds can be identified, there will be a 4th phase of construction that will include an elevator, new loading dock, new restrooms and new theatrical equipment. This has been preliminarily priced at approximately \$6MM. **Phase 3 of this project is complete. Trying to identify funding for Phase 4 which would include renovation of the main hallway and completion of the new bathrooms on the main floor.**
3. Tubman – Various improvement projects at the Tubman have begun at a total cost of \$480,000. **I am working with the Tubman to determine a scope of work in a space on the second floor to be built out for meeting/exhibit space.**
4. Smart Park/Lake Park-This contract was awarded to WLS Construction been completed.

Parks and Recreation

1. Cliff View Lake Park – This is a park off of Antioch Road that was purchased by Mayor Ellis. The contract for these improvements was awarded to Warren Associates, Inc for \$1.24M. **Work has begun and a groundbreaking is scheduled for April 2024. Work is expected to be complete in late fall 2024.**

2. Lake Tobesofkee- Second phase of this project was awarded to Warren Associates for \$1,134,500 and work is complete. This includes improvements to more bathrooms, new, smaller pavilions, upgrades to existing pavilions and two (2) new pickleball courts. Additional work is planned for the remaining bathrooms, sea walls, camper pads, docks and drainage. A scope of work has been developed by the Tobesofkee staff and Dunwody/Beeland Architects. Seawalls and dock work will be completed while the lake is drawn down. The remaining work will be bid out. **Reconstruction of the seawalls and docks is complete.**
3. South Bibb Rec Center- This project is finally complete. There was significant water damage in the tennis building after a fire sprinkler pipe froze during the hard freeze this winter. Repairs have been made at a cost of \$250,000.
4. Bloomfield/Gilead- Extensive renovations planned at the ballfields at Bloomfield to include new LED lighting, fencing, reworking of fields, bathrooms and concession stands. Commission has set aside \$1,500,000 for these improvements. The Commission has moved \$1,000,000 from Frank Johnson Center to Bloomfield for the completion of this project. This was awarded to Pelicano Construction and work is complete. The new LED lighting for the ballfields is complete. **The repairs of the damaged field lighting are underway. They should be complete by ball season.**
5. Central City Park- Construction for the renovation of the fields, including laser grading and sodding of fields, new fencing and dugouts and bleachers has been completed. The contract with TriScapes Sports Fields is for a total of \$1,590,664. The MBC Commission has approved up to \$2M in additional improvements to be paid from funds other than SPLOST. **This work is complete and several softball tournaments have been scheduled.** In addition, the old ticket booths were removed due to severe structural issues and a new pillar/arch entrance has been completed.
6. North Macon/Theron Ussery Park-the Commission has approved reallocating \$634,000 of unused funds from the Elaine Lucas Senior Center to North Macon so as to allow for the renovations of

the rec center building. There is a total of \$863,900 available for the project. This project is complete.

7. Maddie Hubbard Park – This is a community park in Pleasant Hill. The winning bid was submitted by ICB Construction. Additional funds were appropriated by the Commission so that the project can be completed. The initial work has been completed. The Commission moved \$250,000 from Frank Johnson Center to this project in order to reconstruct the basketball and tennis courts and this work has been completed. This project is now complete.
8. The Parks and Recreation Director has been asked to develop a scope of work identifying additional improvements for the major recreation centers. This list has been developed and approved by the MBC Commission. Robert Walker and I are working on identifying the most impactful and quickest projects so that this work can be done while engineers work on the plans for the larger projects. The proposed list is attached.

Blight

1. Booker T Washington Center – There was \$1,326,900 committed to the renovation of this center. This contract was awarded to Stafford Builders. This project is complete.
2. Robert Train Center – There was \$946,000 committed to the restoration of this center. This work was awarded to Piedmont Construction. A change order was approved for the second phase of the project (\$1,279,750). This project is now complete.
