Ronald Smith
Deputy Chief of Administration

I am honored to be considered for the Region 5 Trauma Committee Board. I have over 22 years of service in the fire service, reaching my 23rd this fall and I have maintained a long commitment to clinical excellence, provider development, and system improvement. Since becoming an EMT-Intermediate in 2006, I have served as an EMS Instructor and CPR Instructor Trainer, supporting the ongoing education of both current and future responders. As the Deputy Chief of Administration for the Macon-Bibb County Fire Department, I provide executive oversight of multiple divisions, including training, prevention, arson, fleet, E911 (fire operations), special operations, IT, communications, and departmental programs with assisting in grants, budgeting, and procurement. I also oversee ISO, state, and FAA compliance, ensuring that operations meet all regulatory and safety standards. Our department responds to approximately 25,000 calls annually, nearly 15,000 of which involve medical emergencies and motor vehicle accidents, highlighting the critical need for coordinated trauma systems.

I have over 18 years of operational experience, including serving as a company officer, Captain, and second-in-command- at the battalion level, and subsequent executive leadership roles as Division Chief of Training and now Deputy Chief. I serve on the Executive Board of Directors for Georgia Search and Rescue Task Force 4, the TRIP Manager Board for Bibb County, and completed the Leadership Macon program in 2023, strengthening my ability to collaborate across agencies and jurisdictions. I am currently pursuing my Doctorate in Organizational Leadership, complementing my master's in public administration, to enhance my capacity to lead complex systems. Appointment to the Trauma Committee Board would allow me to contribute regionally by improving response coordination, enhancing operational effectiveness and advancing patient outcomes for the citizens of Macon-Bibb County and surrounding communities.

Omission of pertinent documentation will constitute justification for non-payment of any amounts submitted on the Payment Request.
- C. State Purchases on behalf of Subrecipient:** GEMA/HS may, with the written consent of the Subrecipient, retain and expend grant funding on behalf of the Subrecipient. Before the State will make purchases on behalf of local jurisdictions, the Subrecipient must provide justification, receive approval from GEMA/HS and provide GEMA/HS with a Memorandum of Understanding authorizing GEMA/HS to expend these funds. If GEMA/HS does agree to retain and expend grant funding on behalf of the Subrecipient, the Subrecipient is required to submit documentation to verify receipt and acceptance of the goods or services on the Acknowledgment Form and provide any other documentation or information requested by GEMA/HS. • Third Quarter	April 1 - June 30	Due July 31

WILL RESULT IN WITHHOLDING OF REIMBURSEMENT UNTIL THE
PROGRESS REPORT IS RECEIVED.

- F. 1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.
- Additional information regarding the BABAA requirements can be found at <https://www.fema.gov/grants/policy-guidance/buy-america#interpretation>

In addition, GEMA/HS may withhold or require repayment of all or any portion of the financial award which has been or is to be made available to the Subrecipient. Specifically, without limitation, GEMA/HS will be entitled to payment from the Subrecipient for any funds paid by the State or that the State is responsible to pay on behalf of the Subrecipient for which GEMA/HS is unable to receive payment or required to repay due to the Subrecipient's failure to cooperate in providing the required documentation showing receipt of the goods or services, purchasing of equipment in the time required, submitting a request for reimbursement with complete supporting documents, or any other activity that GEMA/HS deems a failure by the Subrecipient

under this Agreement.

The Subrecipient will be required to submit the final invoice no later than 30 days after the effective date of written notice of termination. Upon termination of this agreement, the State shall not incur any new obligations after the effective date of the termination and shall cancel outstanding obligations, as possible. Failure to exercise the right of termination for previous occurrences or omissions will not act as a waiver for future noncompliance by the Subrecipient. Specifically, without limitation, GEMA/HS will be entitled to payment from the Subrecipient for any funds paid by the State or that the State is responsible to pay on behalf of the Subrecipient for which GEMA/HS is unable to receive payment or required to repay due to the Subrecipient's failure to cooperate in providing the required documentation showing receipt of the goods or services, purchasing of equipment in the time required, submitting a request for reimbursement with complete supporting documents, or any other activity that GEMA/HS deems a failure by the Subrecipient

1. All iron and steel used in the project are produced in the United States. This means all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

This means the manufactured product was manufactured in the United States, and the cost of the components of the manufactured product that are mined, produced, or manufactured in the United States is greater than 55 percent of the total cost of all components of the manufactured product, unless another standard for determining the minimum amount of domestic content of the manufactured product has been established under applicable law or regulation.
- Additional information regarding the BABAA requirements can be found at <https://www.fema.gov/grants/policy-guidance/buy-america#interpretation>

In addition, GEMA/HS may withhold or require repayment of all or any portion of the financial award which has been or is to be made available to the Subrecipient. Specifically, without limitation, GEMA/HS will be entitled to payment from the Subrecipient for any funds paid by the State or that the State is responsible to pay on behalf of the Subrecipient for which GEMA/HS is unable to receive payment or required to repay due to the Subrecipient's failure to cooperate in providing the required documentation showing receipt of the goods or services, purchasing of equipment in the time required, submitting a request for reimbursement with complete supporting documents, or any other activity that GEMA/HS deems a failure by the Subrecipient

under this Agreement.
